

## The Worst Witch

The Worst Witch was amazing! The Worst Witch is a story about how Mildred Hubble ends up at the wrong school and finds out that she is a witch! Miss Cackle, the headmistress, accepts Mildred to the school where Mildred meets Maud and they become best friends. Ethel is in the same class as Mildred and Maud, she is really mean and is only nice to the teachers and her friend Drusilla. The story is about potion making, cats, friendships and Agatha, Miss Cackles' evil twin sister, wanting to take over the school.

When you were taking your seat it was really cool how some of the actors came through the audience and were talking to some of us. It was a bit like a pantomime which made me laugh, and there was fire which made me jump and the set fall apart. Agatha was really funny when she was playing both herself and Miss Cackle, it was a very clever costume. It was brilliant how the musicians were on stage but in the background and amazing how many instruments they played, they came onto stage to play characters too, very talented. I would recommend others to see this play.
