

# The Worst Witch

Xanthe Gwatkin

Right from the minute I walked into the theatre I felt welcomed, by the scent of popcorn and the sight of little girls all dressed up. Soon after entering the theatre the show begun, I love the character interaction with the audience and each other, the set and props at first look were very clever. The programmes were very child friendly, interesting and full of activities including the cat puppets.

The concept of it being a school play was very smart and the live music was incredible, everyone's voices and harmonies were amazing together. The actor who plays Enid, her voice was phenomenal and acting, amazing

I liked the use of lighting and sound to create spells and boundaries. Here are some of my favourite quotes: "I'm back witches !!" Enid. "you're about as magical as a cheese sandwich, pleb!" Ethel. "bore off you slimy slug" Maud.

Overall the entire show was brilliant with such a small cast of nine the multi rolling and acting was impeccable , my only negative was the ending was a little late for a family show but everything else was great!
